

Meeting Summary and Agenda: ECC GSP

East Contra Costa GSP Working Group and Communications Committee Meeting

When: Wednesday October 14, 2020, 10:00 a.m. to 11:30 a.m.

Where: Conference Call: 530-207-5787; Conference ID: 5601-7311#

Attendees: Bill Brewster, Casey Wichert, Dan Muelrath, Debbie Cannon, Eric Brennan, Jill Mosley, Lisa Beutler, Marilyn Tiernan, Mike Davies, Nick Janes, Paul Seger, Ryan Hernandez, Tracy Shearer, Vicki Kretsinger

Meeting Summary

1. Locations of domestic and agricultural wells has been identified as a data gap for the ECC GSP. Although Data Gaps are not required to be completed for the initial submission of the GSP, we discussed an approach to find locations and owner contact information. Dan and Eric both had suggestions on how to identify properties with domestic wells in DWD and Brentwood.
2. Ryan- the County is currently updating the General Plan and he encourages coordination of the goals and policies with the GSP and cities General Plans.
3. Lisa Beutler- discussed how to publicize Section 3.
 - a. She will prepare a survey specifically for Section 3 and will work with Jill to post it on the ECC GSP website (similar to the previous sections).
 - b. Based on Lisa's experience, the most successful outreach method for this subbasin are emailed invitations to about 100 people on the interested partis list.
 - c. Lisa will contact the Horseman's Association: 1) to ask if they would be willing to post ECC GSP information in their newsletter 2) this would potentially be a way to find domestic well owners.
4. Paul: The City of Oakley will be in sync with the County and GSP goals and policies. Bethel Island information can be included in the County General Plan. Elected officials have constituent emails that can be used to get the GSP message out.
5. Monthly ECC GSP Updates fliers are useful and LSCE will continue to send out at the end of each month.
6. GSP Section status was reviewed (see agenda below).
7. Eric reported that Brentwood had received payment for Progress Report 7 and checks would be sent out soon.
8. Bill Brewster reported that fall water level measurements are to be submitted now for CASGEM and if they cannot be collected to input a "NM" code.
9. The next meeting is Tuesday November 10th, 10-11:30 am.

Agenda

Purpose:

1. Outreach- how publicize Section 3 for public review
2. GSP Updates

#	Item	Presenter
1.	<p>GSP Outreach & Communication:</p> <ul style="list-style-type: none"> • How publicize Sec. 3 for public review? Survey, Newspaper, email list • Lisa talk with DWR about extending contract through first of next year • Website-updates complete as of August 18th (Jill). Sent Draft Sec 3 to be posted on 10/7/2020 • How find domestic and agricultural well owners (we have locations for small water systems through CCC Envir. Health and Water Boards). They are the ones that would potentially be impacted by the GSP through GWL decline and/or regulation/permitting/monitoring/assessments on wells. Through: postcard, newspaper notice. • How does criteria for ECC Subbasin match the CCC General Plan. What are goals and objectives? Add XY coordinate to well permitting? • Monthly ECC GSP Update Template-sent 9/30/2020-when best time to update, end of month? Any comments? • Online Visualization Tool—starting to work on layout of ECC Subbasin visualization tool to display groundwater levels, water quality. A draft will be available to review at the November meeting. • Interbasin communication call with LSCE and Tracy Subbasin modeling group that described their model and met outreach requirement (Sept. 30th, 2020). 	<p>Lisa Lisa Jill Debbie</p>
